

- 1 Please inform serial number of problem machine. And inform how long did you use this machine.
- 2 Please check rotation direction of Bite Union Left Roller.
When you turn Bite Roller to A direction, only Kicker and Bite Roller turn together.
Please check this.
- 3 Please take a picture of Bite Union Bearing. Because direction of bearing is very important, we have to check this.
Could you find the characters exist on surface of bear? Please check this.
